

NAZARI NECKLACE

Alhambra Collection

The Nazari necklace is a jewelry piece inspired in the geometrical art mastered by the Islamic artisans during the Andalusian epoch.

The Alhambra collection brings the heritage of this fascinating culture to the present with four different designs: Nazari lane, Nazari ow tie, Nazari attice and Nazariosaic.

Each of the designs follows the complex pattern of circles and lines found in the ceramic tiles decorating the walls of the magnificent Islamic buildings of the 13th century.
